In 25 years of selling houses in this area the writer has never come across such a solidly built Canadian style log cabin such as this! Ty Hen Farm is a one/two bedroom log cabin with around 32 acres or thereabouts of pastureland and a small amount of woodland down by the stream in the valley bottom. The cabin is full of character as can be seen from the pictures and has an open plan sitting room, kitchen and dining area, bedroom 2 / hobby room, modern shower room and an attic room (used as a bedroom). Outside there are numerous outbuildings and garages etc and one of the largest polytunnels you're likely to see outside a commercial growing unit. Live the dream in beautiful West Wales - perfect for those buyers wanting a slice of the good life and all just 15 minutes into town.
