6 Bed Detached House

Offers in Region of

£199,950

Cartrefle, Between Hermon & Llanfyrnach Glogue, Pembrokeshire, SA36 0ED

**** Reduced from £225,000 to £199,950**** Cartrefle is a substantial 6 bedroom detached house on three floors located in the small rural village of Glogue which although having had lots of work done previously still needs more work to bring this house back to its former glory. There are still some structural beams that are rotten (see pictures) that need replacing over some of the windows to the front and some floor joists that also need replacing so we would advise any purchaser to seek the services of a qualified surveyor / builder prior to purchase to establish the extent of any works required. No children are allowed access when viewing this property.

Ground Floor

Accommodation - Entrance via timber glazed door into:

Entrance Hall - With staircase to first floor, access into:

Sitting Room - 19' 8" x 13' 8" (6m x 4.2m) into bay window.

With large timber double-glazed window to the front, radiator, remedial works required to part of front ceiling and dry-lining/re-plastering side wall and bay window walls, leading into:

Kitchen / Diner - 13' 11" x 16' 2" (4.25m x 4.95m) into recess.

With door out to side, tiled flooring, window to rear, radiator, no fitted kitchen units although a number of units are present, most walls need dry-lining / re-plastering and half of the ceiling needs plasterboarding and skimming. New first floor timber joists have been installed (see picture), leading through to:

Rear Lobby / Dining Room - 9' 4" x 11' 3" (2.85m x 3.45m) With UPVC door out to rear, tiled flooring, one wall needs dry-lining / re-plastering.

WC - With low level flush WC.

Utility - 6' 8" x 10' 3" (2.04m x 3.13m) With "Camray" floor-standing oil-fired boiler, space and plumbing for washing machine. Work required on ceilings and two walls need dry-lining / re-plastering.

Lounge - 13' 11" x 19' 2" (4.25m x 5.85m) into bay window.

With bay window to the front, access to rear dining room and entrance hallway. Some new first-floor joists have been replaced but several are still rotten as are the two main structural timber beams above the window and first floor support (see pictures).

First Floor

First Floor - Accessed via staircase in entrance hall and giving access to:

First Floor Landing - With door out to front balcony, staircase leading to second floor, floor joists are rotten with holes in the flooring. Most external walls on this level are now bare stone and will need dry-lining / re-plastering.

Bedroom 1 - 20' 0" x 14' 3" (6.1m x 4.35m) into bay window.

With bay window to the front, most walls need dry-lining / re-plastering but the good news is the second floor joists have all been replaced and a new beam has been installed over the window. Ceiling will need plasterboarding and skimming.

Bedroom 2 - 19' 8" x 10' 11" (6m x 3.34m) into bay window.

With bay window to the front, both external walls need dry-lining / re-plastering.

Bathroom - 6' 3" x 12' 9" (1.93m x 3.9m) With window to the side, radiator, both external walls will need dry-lining / re-plastering.
